SB 5717-S by Senate Committee on Ways & Means (originally sponsored by Senators Brown, T. Sheldon, Fraser, Regala, Kline, Franklin, Winsley, Kohl-Welles, Shin, McAuliffe, Spanel, Costa, B. Sheldon and Rasmussen)

Funding the low-income energy assistance program.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that: (1) The state is experiencing dramatic increases in the costs of electricity and natural gas, with increases averaging between thirty and seventy percent, as a result of many factors out of the state's direct control.

(2) These unprecedented price increases have a disproportionate impact on the low-income citizens of the state because energy costs comprise a larger percentage of their available resources than families with moderate and higher incomes and approximately seventy-five percent of low-income homes use electric heat.

(3) Every year, the state's low-income energy assistance program exhausts its resources before the end of the heating season. Typically, only seventeen percent of the eligible population is served in an average year.

(4) Requests for assistance are expected to increase by over forty percent this winter, and the amount of heating assistance each household will need will also rise.

(5) While the state has received emergency allocations from the federal government, the combined circumstances of increased need for help and the increased cost of energy make it likely that, even with the emergency federal assistance, fewer citizens will be served.

Declares an intent to provide immediate assistance to help mitigate the adverse consequences of this winter's rate increases on Washington's low-income citizens.

Appropriates the sum of two million dollars, or as much thereof as may be necessary, from the general fund to the department of community, trade, and economic development for the fiscal year ending June 30, 2001, for the low-income home energy assistance program.

Appropriates the sum of four million dollars, or as much thereof as may be necessary, from the general fund-- federal to the department of community, trade, and economic development for the fiscal year ending June 30, 2001, for energy assistance under the low-income home energy assistance program.

Ordering a study of the implementation of the death penalty.

Requires the Washington state institute for public policy to convene an advisory committee to provide oversight for a study of the fairness of implementation of the death penalty in the state of Washington. The study shall address the concerns raised by the American bar association policy of February 3, 1997, and the resolution of the Washington state bar association on August 4, 2000, specifically:

(1) The adequacy of funding for defense counsel for indigent defendants accused of capital offenses;

(2) The qualifications that should be required of defense counsel in capital cases;

(3) Whether there are systemic problems affecting implementation of the death penalty in Washington;

(4) Whether prosecutorial standards or criteria for seeking imposition of the death penalty are consistent statewide and what standards are appropriate;

(5) What impact the imposition of the death penalty has on county budgets, particularly in small counties, and what budgetary steps can be taken to minimize the impacts; and

(6) Whether the Special Pleadings Rules (Criminal), issued by the Washington supreme court in 1997, have been implemented statewide in a consistent and effective manner.
